Each power source offers one-single receptical (one plug in)  
If you need to plug in multiple devices, bring or rent extension cords and power strips.

The guide below is for reference only. Be sure you check your equipment operating notes for proper wattage/amperages.

THE FINE PRINT: If your booth exceeds 500w/4.5amp and blows a circuit it won't be just your booth that goes dark. You will be charged a call-out fee plus the upgrade to reconnect all affected booths. It's also highly likely your booth neighbors will be cranky with you. Please don't be "that exhibitor". Please exhibit responsibly.
